

**NORTHERN GREECE, MACEDONIA,
BULGARIA & ROMANIA
THE LAND OF THE THRACIANS**

September 27 - October 12, 2025
Led By Local Guides

The focus of this tour will be the dramatic mountain scenery and exquisite jewel-like villages, farms, churches and monasteries of the four countries visited. This simple, agrarian way-of-life is a vestige of the culture that once dominated the continent but has virtually disappeared in Western Europe. Expect to be entertained by craft traditions, folk music and dance. The towns are equally impressive; most of the overnight stops are in medieval walled burghs built by Saxon settlers. Romania is noted for its vineyards and interesting cuisine, heavily influenced by Hungarian specialties. Continue on to Bulgaria, one of the smallest countries of the Old Continent but with a wealthy history in the Balkan region. From settlement on top of settlement Bulgaria is a repository of ancient sites from many civilizations that inhabited the region through millennia. Buffeted by Roman, Byzantine and Ottoman influences and dotted with beautiful lakes, threaded together by a network of rivers, Macedonia is a repository of history surrounded by beautiful scenery. In Northern Greece, you will discover grandiose archaeological sites, picturesquely labyrinthine villages, and the great city of Thessaloniki, famous for its dazzling Byzantine heritage, outshone only by that of Constantinople (Istanbul) itself.
