

NOTABLE TRAVELERS

Jim Kitchen

Spiekermann Travel helped me travel to some of the world's "hotspots" that are generally difficult to book independently.

Their team is very professional and thorough and their itineraries are first class.

Without them I would not have been able to complete my 30 year journey visiting all 193 UN recognized countries. So a big "thank you" to Ihab, Abdylla and the rest of the Spiekermann staff.
